### **Welcome to Hulleman Industries**

Hulleman Industries is committed to servicing our customers' needs and requirements. Our skilled team of engineers, designers, and tradesmen bring an unparalleled passion in delivering customized turnkey solutions for your industrial challenges.

Our goal is to build and maintain synergetic & lasting relationships with both existing and new customers.

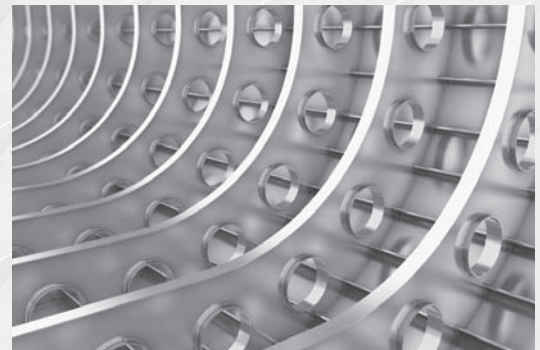

We are located in South western Ontario with access to a full range of national suppliers and situated close to all major shipping routes.

### **Typical work performed by Hulleman Industries includes:**

- In-house Engineering and Design Services
- Custom Fabrications
- Machining Services
- Piping and Process Equipment
- Material Handling Equipment
- Tanks and Pressure Vessels
- Mechanical and Industrial Installation Service

### **Industries Served:**

- Chemical
- Manufacturing
- Petrochemical
- Food
- Water & Wastewater
- Mining
- Aggregate Processing
- Construction

## Qualifications:

- Certificate of Authorization from the Professional Engineers of Ontario
- Certified to CSA Standard W47.1 Division 1 Fusion Welding of Steel Structures
- Certified to CSA Standard W47.2 Fusion Welding of Aluminum
- Certificate of Authorization from TSSA for fabrication and assembly of power piping according to CSA B51 and ASME B31.1
- Certificate of Authorization from TSSA for fabrication and assembly of process piping according to CSA B51 and ASME B31.3
- Certificate of Authorization from TSSA for the manufacturing of pressure vessels to CSA standard B51 and ASME Boiler and Pressure Vessel code Section VIII, Division 1
- Certificate of Authorization from TSSA for the Repair and Alteration of Boiler and Pressure Vessels and piping in accordance with CSA B51.

Ontario**

### Certificate of Authorization

Standard

**1099735 Ontario Inc.  
carrying on business as  
Hulleman Engineering**

is hereby granted the authorization to engage in the business of  
providing services that are within the practice of  
**Professional Engineering**  
in the Province of Ontario in accordance with the provisions of  
the Professional Engineers Act.

Given under the Corporate Seal of the Association at the  
Municipality of Metropolitan Toronto this:  
12th day of March, 1998 - #1675446

*Charles Bell*  
President

*David*  
Registrar

Association of Professional Engineers of Ontario. This certificate is the property of the  
Association and must be surrendered on revocation, cancellation, suspension or expiry.

## Engineering & Design Services:

Hulleman Industries has in-house Engineering and Design professionals to provide the following value added services:

- Structural Engineering
- Mechanical Engineering
- 3D Modelling and Motion Analysis
- Finite Element Analysis
- Process Design and Automation
- Drafting Services
- Prestart Health and Safety Review
- Material Handling and Automation Equipment

## **Fabrication:**

Hulleman Industries has over 40 years experience in fabricating services for:

- Steel, Stainless Steel, Aluminum, Alloys
- Custom Weldments
- Structural Fabrications
- Machine Frames
- Storage Tanks & Pressure Vessels
- Process and Pressure Piping (Piping Spools)
- Process Equipment and Process Skids
- Conveyors, Bucket Elevators
- Gantry Frames, Jib Cranes and Lifting Equipment
- Water/Liquid Tight Doors and Hatches
- Water and Wastewater Treatment Equipment
- Architectural and Miscellaneous Metals
- Metal Forming Equipment including CNC Press Brakes and Rolls

## Industrial & Mechanical Installations:

Hulleman Industries provides industrial and mechanical installation services from simple piping projects to full design/build and general contracting of tank farms and process equipment installations.

- Industrial and Commercial
- Full Turnkey Solutions
- Pilot Plant Development
- Tank Farms
- Process and Chemical Piping and Equipment
- Millwrighting and Rigging
- Assemblers
- Machinery Refurbishing
- Machinery Movers and Installers
- Structural Steel Erection
- On Site Welding Services
- Industrial Maintenance Services

## Machining:

Hulleman Industries has over 40 years of experience offering custom machining services. Our fully equipped machine shop includes:

- Lathes
- Horizontal and Vertical Boring Mills
- Milling Machines
- Radial Arm Drills
- Key Slotting Machine
- Surface Grinder
- Jig Bore
